Über uns

[bold] We are producing leather woman shoes. This is our 101st year in business under the name of HINIS. We start to produce leather woman shoes after a reform in the business, which we firstly started with producing leather Mest shoes in 1916. In national field, as HINIS MEST brand, we instilled the confidence of product-service-trading to all our customers with 100 years of experience and quality. Now, we are working to introduce our registered trademark FLORIUM to the new national and global market. We always keep up with the fashion, and we continuously search and work to produce new things with our R&D unit. We completed all our short-term plans in shoe production and we want to work with you to make the start of entering the global market that is one of our medium/long term plans. We check every one of
