About Us

We aimed to contribute to the development of both ourselves and the sector by having the opportunity to work with many important companies in the sector in the adventure of cylinder manufacturing and special design hydraulic project, which we started in 2004. We have taken the first steps of a young, dynamic and experienced enterprise by bringing together the experience and technical equipment we have gained in this direction within AFM OIL POWER as of 2019.
If today;
As AFM OİL POWER, we have implemented Industry 4.0 applications in order to supply the highest quality products in the most rational way, by using the most advanced technologies of Turkey in Lift Manufacturing and Special Design Hydraulic
