About Us

Specializing in the casting sector since 1973, Ahkemak Metallurgy makes a difference with its innovative approach and deep-rooted experience in the sector. Founded in Konya in 2008 by Mehmet Ali Küçük, our company operates in a 4000 m² modern production facility. Serving the defense industry, transportation, machinery, ship, automotive and construction sectors, Ahkemak Metallurgy produces high-quality and durable solutions in the fields of steel casting, Stainless Steel Casting, Gray cast iron and Ductile Iron Casting. We offer reliable solutions to our customers by using high-tech methods and detailed quality control processes in our production processes. Ahkemak Metallurgy is proud to be a business partner of leading companies in their sectors with its service approach that prioritizes customer satisfaction. Thanks to our
