Hakkımızda

Our company was established in 2004 in Üzümlü Village, Beyşehir, Konya. Since its inception, it has focused on manufacturing parts for various sectors, including the arms industry, automotive industry, medical, and subcontracting. We provide high-quality products for hunting rifles and related supplies at competitive prices, ensuring quick delivery. Additionally, we meet the demands for air rifles, blank-firing guns, hunting rifles, and hunting rifle spare parts. Since 2015, we have also started producing magazine-fed hunting rifles in both 12 and 20 caliber options. Over the years, with advanced machinery and skilled personnel, our company has succeeded in achieving both trust and quality in a short time.
