About Us

DOGANAY PLASTIC was established in 1970 by Cahit DOGANAY and started producing plastic barrels and drums in the Konya Karatay industrial area. In 1980, it moved to the Konya Plastics Industrial Site. Since its founding, the company has been committed to quality and service, producing barrels and drums ranging from 2L to 70L, along with lockable and vented caps. Until 2001, the company served the household goods market, and since then, it has been providing products for the industrial sector.
