About Us

As Zinnur Zincir, we started our activities with the production of ear chains. Over time, we have added api chains, Fleyer-Leaf Chains, Fördeyer Chains, Bridge Chains, Roller Chains and Serrated Link Chains to our product portfolio, and today we address many sectors with our experience. We provide services to Turkey's leading companies in all kinds of private chain sales.
By constantly expanding our product range, we offer flexible solutions to the needs of different industry branches by following international norms and standards in the chain sector.
By increasing our production area and capacity with the latest investments, we continue to work on continuous
