About Us

As Ahmet ÖZCAN Tekstil, we started our first step in the textile sector as a tailor working only on order in the 1965s, and continued its production in the past years, growing and achieving quality, upon the request of the customer, which is very high quality and stable. It continues its production in two separate areas as children's clothing and men's clothing, in line with its demands. Ahmet ÖZCAN Textile, on children's clothing in Konya; It has improved its quality and serial service understanding with trousers, capri, shirts, sweaters, skirts, sweaters, school aprons, coats and coats, and it produces trousers, capri, swat, sweaters, shirts, coats and coats from quality fabrics in men's clothing, which is also sufficient.
