Hakkımızda

We started R&D studies in the aluminum industry in 1994 and developed itself over time, and in 2004, we opened Akalsan Aluminum Joinery Facade Systems. By offering the most innovative products of the Aluminum Industry to our customers, it has the capacity to manufacture and assemble 500,000 meters of Aluminum, 200,000 m2 of Composite facades per year. Our company offers its products to its customers in world-class quality, both in design and application.
