About Us

To professionally meet the sector's requirements, AKC HYDRAULIC MACHINE TOURISM AND CONSTRUCTION LTD. CO. was established in February 2012, and its operations have been continuing at full speed. As AKC HYDRAULIC MACHINE, the necessary technical detailing, project planning, technical pre-preparation, and computer-aided designs for our completed and future projects are carried out by our Project and Design team. This department is also responsible for preparing technical and commercial proposals, tracking project management processes, and implementing all necessary technical work and proposals. Throughout the entire process, from the beginning of the project to its completion, it is our duty to prepare all the required technical details that the employer may need and to ensure the successful delivery of the
