## Hakkımızda

Our company with big dreams and ideas in an area of 2000 m<sup>2</sup> in 1975. It set out in Konya to "provide rational and innovative solutions to the problems of its customers by using the latest technological systems in the automotive spare parts industry sector with a product range of 35 thousand, mechanical parts of automotive and light commercial vehicles with technological equipment". Our company, which always continues to work without stopping in terms of doing the best and improving itself, has adopted the principle of responding according to the needs of its customers in order to be a reliable company and after-sales product service to the leading brands of the sector. Being aware of the fact that we must ensure that technology is always in our work in order to follow and learn innovations for development, we are proud and
