About Us

ALTOLIFT ASANSOR is a New brand for an ancient company of elevator which was basically a company of installation then later started manufacturing in 2006. The company has reached a great marge of the internal market and has sold many products outside of the country using different brands but at the moment have decided to lunch our Brand ALTOLIFT ASANSOR as a direct selling from our Factory intending to be a universal Brand. ALTOLIFT ASANSOR carries out the production of elevators and carries out its manufacturing, on-site installation and service according to the ISO 9001: 2008-CE directives with its wide technical staff. Our company offers a wide range of products and services related to lifts and escalators. we master the industry, from the phase of manufacturing till the phase of assembly. Our know-how and
