Hakkımızda

ARNIKON has been created in 2014 and since then it has been the address of quality and professionalism in the production of electric cranes and has continued its activity by keeping customers' satisfaction at the highest level with more than 1000 projects completed. With our closed production area of 6000 square meters, we are confidently walking on our way to becoming one of the most preferred brands of our country and even in the world with our annual production capacity of 300 cranes. In order to better serve our customers, we have expanded our service network with our dealers around the world. Starting with the city of Konya where our factory is implanted, we are present in other cities of Turkey such as Marmara, Çukurova, Ankara, and Kayseri. Abroad, we are present in Egypt, Algeria, Tunisia, Iraq, Morocco, Bosnia, Cuba,
