Hakkımızda

ASBİR Domestic and Foreign Trade is founded in 2008 to fulfill the needs of humanity and to be the common point of the people from different countries and continents. Beyond the dream of being a bridge between the product and the client, we always like to build our business relationships in the frames of a win & win principle with the consciousness of "sharing makes you earn more"

We always consider our partners as family members, because the most important keys of business are sharing, reliability and sustainability.
