About Us

Öztürk PT for best-in-class products and solutions

We operate in the power transmission sector and we manufacture our own "Conical Bushing". We have succeeded in making our name known in the sector by keeping up with the developing technology and we have reached our current position. We produce 10 thousand conical bushing types per month with our team of 35 people. We aim to improve our production capacity day by day in an area of 2000 m². We supply the leading companies of the automotive supply industry and hydraulic industry with our expert staff.
