Hakkımızda

Aveaplast where founded in Konya in 2011, continues its activities with an innovative business approach that sees its customers as friendly, meeting the needs of the agricultural irrigation sector, and transferring its sectoral knowledge to dealers/end-users.

Aveaplast, which was the wholesale dealer of leading manufacturers in the sector at the beginning, completed its investments for the production of drip irrigation pipes and sprinkler fittings in 2016 and started to offer its products to the market under the Dr Plast brand.

Aveaplast, which has completed its domestic sales organization in a short time since the beginning of its activity and has
