Hakkımızda

In 1992, the first step in the sector was taken with iron and steel trade in Konya. Considering the needs of the region, investments continued with Bayık Flat Steel Service Center in 2011. Bayık ERW Pipe Profile Production Facilities were established in 2016 by transferring 25 years of knowledge, knowledge and experience in the iron and steel industry to pipe profile production. Bayık Pipe Profile Industry Inc.; With the start of the flat steel service center in 2011, Bayık Logistics company was established with the aim of railway transportation for the fast, safe and economical transportation of raw materials. Bayık Pipe Profile Industry Inc. provides high added value on a global scale; strives to provide the best service to its valuable business partners with procurement, sales process, distribution, pre-sales and after-sales customer services.
