Hakkımızda

Our company takes beans, chickpeas, lentils and kidney beans, which are the products grown in Konya, from the producers, passes them through sieving and cleaning units, separates them into lengths and makes them ready for sale. Our company has Food Production Permit and Trademark Registration Certificate. Our products are packaged in modern facilities, completely in accordance with hygiene conditions, and made ready for consumption. Our company continues to serve you, our valued customers, in the New Wheat Market. WE ARE PROUD TO OFFER THE TASTE GRAIN TO YOU..
