About Us

It started its business life in the construction and facade design sector in 2005 and was restructured in January 2014 to serve in the EPS (styrofoam) suspended ceiling section. Equipped with an experienced technical team in the field, BENGÜ DEKOR was established in Konya in order to provide service in line with the wishes of our valued customers. Bengü decor has a technical infrastructure that can transform your living spaces into a more aesthetic structure. He has formed a technical and application team that has worked in this field for many years.
