Hakkımızda

Besmar Marble is a company that was established in 2011 as a rebirth by two geological engineers who gave their lives to the sector. The founders' experience in marble quarries and marble dates back to the 1990s. The founders of the company have been serving the sector since the 1990s, both in cut and in marble quarrying. Besmar started its first quarry adventure with the Baiyulan quarry in Isparta-Egirdir. In 2015, it continued to maintain its position in the sector in Konya-İlgin with its DARK RIVER quarry. In 2017, it added a new product and business to its service to the sector with its quarry named HORIZON in the Cihanbeyli district of Konya province. Finally, in 2018, the DARK RIVER quarry opened the DOVE GRAY quarry, which is a completely different product. Our company continues its R&D studies uninterruptedly and will continue to
