### About Us

As it is known, the first thing that comes to mind when paper and box is mentioned are trees, environment, protection of nature's balance, etc. are things. As Beyaz, we attach great importance to the preservation of the natural balance and the establishment of a clean environmental awareness as much as we attach importance to the production quality and customer satisfaction and take great pleasure in production. For this purpose, we make every effort to protect the environment and to process and recycle waste paper into products.

Our aim is to increase the value and quality of packaging and the prestige of those engaged in this business. With this principle, we have undertaken the mission and vision of giving back to Konya with "People First" and "Investment,
