About Us

Brotmas is working hard to deliver the crown of your table bread to you with a diverse and high quality service. The Cooking Group is constantly renewed by combining its experience with technology at every stage with the Dough Processing Group and Industrial Groups. In the Baking Machines group, which is the most important stage of bread before the presentation, the technological infrastructure of the products we produce follows a way of flavors ranging from factories to ovens, ovens to tables. Brotmas, which is one of the most important solution partners of enterprises at all stages of creating dough, performs many functions in 7 different products with Automatic Dough Processing Machines. Industrial group provides great convenience for businesses with its products produced for large scale enterprises, especially
