About Us

Buzçağ Cooling, which set out in the name of real stability, is always aiming for the highest quality with its R&D studies, acting on the belief that individual successes will turn into corporate successes. Our company, which has adopted the principle of making breakthroughs on the basis of trust, a journey of success growing on a foundation... Our company, which opened from Konya to the world and has been serving since 1990, has increased its development day by day and continues its production by taking into account the changing market demands. The basis of the growth of Buzçağ Cooling is its innovative principle and acquired experience.
