## About Us

Founded in 1970 with white goods service and spare parts sales, Buzyapsan has become one of the most reliable companies in the heating and cooling industry through nearly half a century of experience. Since its establishment, the company has embraced quality, reliability, and ethical service as core principles, continuously expanding its fields of activity in line with sectoral developments. With over 47 years of dedicated service, BUZYAPSAN delivers professional solutions for both individual and corporate customers.
