

Hakkımızda

Hasan GÜLDEREN - Entered the trade in 1982 with the help of his father, our company, which has been working as a tradesman and broker for many years, has started to grow beans, red beans and other legumes-seeds on our own lands (700 decares of land) since 2005, realizing the deficiency in the sector, and started to manufacture bean harvesting machine. we did it for ourselves first.
