About Us

Decatra is a world-wide known, dynamic and promising company in the research, development, and distribution and in all honesty we are master independent distributor of truck, bus and trailer parts. We strive to be the benchmark in European and American truck parts and are at the forefront of innovative technologies. With these we have created the reliability, efficiency, and durability that our customers in the trucking industry have counted on for years. We offer high quality parts that are equivalent or superior to the original equipment parts, and are committed to exceptional hands on service at competitive prices, unparalleled in the industry. Another result having no middlemen, our prices are highly competitive. We deliver our products and services to customers worldwide through our extensive dealer
