About Us

Dilkaya confectionery, which has never compromised on quality and our determination to work, continues to grow day by day with our vision of "Quality is never a coincidence, it is the result of stable work". As a result of our achievements in 2007, we moved our company, which was not enough for us, to a closed area of 600m² and increased our production network to 5 times. We started Turkish delight production in order to show our success on sugar in 2014, on Turkish delight as well. We continue our work with our expanding service and production network due to our success.
