About Us

Our company, which started to manufacture plastic crates based in Konya in 2006, has become a preferred company at the national and international level with its trust-based service approach and quality products. It has developed itself according to the needs of the age and has a share in the development of the sector by designing innovative products by paying attention to the requests and suggestions of the customers. Our company; has been the supplier of companies in many sectors, especially in the food, industry and health sectors. Along with the developing technology, our company designed and produced new products in line with the demands of our customers, in addition to the products it designed and manufactured, and gave importance to the ideas of its customers and developed new products used in the supply chain.
