

## About Us

EYG MAKINA ENGINEERING INDUSTRY TRADE IMPORT EXPORT LIMITED COMPANY, whose foundations date back to 1990, was established by Erhan Gürpinar. The leader in its sector, aims to put its name on the top of the world in machinery manufacturing. EYG Gida Makineleri has always adopted the principle of self-development by imagining the future and following appropriate strategies since its establishment. Innovation, customer focus, continuous growth and following technological developments are our basic philosophy. We see it as our responsibility to produce environmentally friendly, thrifty and environmentally friendly machines.
