About Us

Our company was established in Konya in 2009 on the sale of PVC profiles. The purpose of its establishment is to provide the necessary service to the customer in a faster and safer way of PVC profile products. While our field of activity was Central Anatolia and the Mediterranean region in the first place, we have sales to all regions with our 150 profile dealer network and 600 accessory customers due to the expansion of our customer portfolio. Due to the increasing demand in the market, we both expanded our position and started the sale of PVC profile auxiliary equipment. In places where our customers cannot reach, in big projects or in colored joinery, it is costly for the customer, but they cannot respond to the final consumer due to the lack of sufficient personnel in the workshops. For this reason, a ready-made PVC joinery
