Hakkımızda

Filsan Joint Stock Company was established in 2002, in order to meet the deficiency in trailers' spare parts which was found out as a result of the demands that came from the sector and as a result of the researches that was conducted by our company. Since the day it was established, has taken provided agency services for the world wide known trade marks and thus, has managed to have a wide range of products and has also managed to have a large stock of those products. This, in turn, has brought admiration of its customers. Filsan Company, beginning from 2008, has developed its organizational structure. Thus, now, Filsan Company also provides services for spare parts of vehicles such as busses, lorries and tow-trucks. Filsan Company, feeling the power obtained from its experienced and specialized staff and
