About Us

Our company was established in 2000 under the name of "GENÇ BİLİŞİM" to meet the accessory needs of the GSM industry. It has taken its place in the sector in a short time and has become popular with its patented products. The 'GMC' brand was registered in 2006 and alternative products were brought to the sector with other brands belonging to our company in the following processes. Since the day we were founded as GMC mobile phone accessories, our only principle is to provide quality and economical mobile phone accessories to our valued customers.
