Hakkımızda

Established in 1969, GÖKYER PLASTİK produces and supplies PE and PET packaging to food manufacturers with its experience of more than half a century in the sector. Providing service with its well-equipped staff and high-tech infrastructure working with Food Safety awareness, Gökyer has FSSC certificate. With an annual capacity of 600 million products, it continues to offer innovative solutions to the needs of its customers. With its increasing export investments, it represents our country in the world market, especially in America, Canada and Azerbaijan.
