## Hakkımızda

Gon Metal was established in Konya in 2004 as a family company with the aim of serving in Turkey and the World Machinery sector and for Turkish industrialists to take place in the world market. Gon Metal sees it as a goal to build machines beyond the expectations of its customers by creating a power from its rising success graph and customer satisfaction, combining this power with its support and experience, using the technology it currently has and developing this technology. Gon Metal will continue on its way by increasing its capacity and quality, making sure of its future. Gön Metal's goal is to continue its success, which has increased until today, and to present this success to its customers as superior quality and service.
