Hakkımızda

Founded in 1989 in Konya Karatay Industrial Site, Gümüşpar Otomotiv San. Trade Ltd. Şti. first entered the automotive sector with the manufacture of starter pinion caps. It has become a sought-after company in the sector by rapidly increasing its product range with its investments in molding, foundry and machining. Since the day it was founded, it has adopted the principle of customer satisfaction and solution-oriented work. Believing in the power of reliable trade and devoted work, it started its business life and shaped itself in line with this goal. It prides itself on working with clients who adopt this mindset. By adding Bearing Alternator Pulleys to its product groups, Gümüşpar made a name for itself with its products in Europe and the Middle East and expanded its trade network. With its knowledge and experience, it offers
