Hakkımızda

Güneş Engine Valves Inc. We have been producing valves for all kinds of gasoline and diesel vehicles for about half a century. Since the day we were founded, our first priority has always been customer satisfaction, based on the principle of "Your Satisfaction is Our Promise". We act according to the wishes, expectations and demands of our customers in our production facility where the latest innovations of technology are located with our experienced staff in engine valves. We are working harder every day to produce the better with our R&D studies and to offer fast and permanent solutions to our customers and dealers.
