## About Us

The founder of our company, Hakan FAYDASIÇOK, started its commercial activities in 2017 with the brand of Hakan Çelik, with more than 20 years of industry experience since 1998.
This commercial adventure, which started in a closed area of 2500 m2 in the Metal Industry Site, continues its activities in an area of 16958 m2 in today's Organized Industrial Zone by following the technology closely, and takes firm steps towards its goal of expanding our sales network in order to provide better service to the Turkish industry.
It aims to be your fast solution partner with our precision circle cutting service and to offer qualified steels in accordance with world standards according to the service quality expected by our customers.
