Hakkımızda

HMS, one of the leading manufacturers of Konya in the agricultural machinery sector, was founded in 1977 by the brothers Şerafettin ÖZDEMİR and Mustafa ÖZDEMİR in Konya under the brand name HATUNSARAYLI. In those days, HMS tried to meet the needs of the Turkish market and its customers by starting the production of horse plow, box vanvey and crop mowers. HMS moved to its current location in the organized industrial zone in 1993 by increasing the number of products and customer portfolio in about 15 years. HMS has moved to its new location since 2018 in order to reach the production numbers and the targets it has set itself. It started to expand its position in the market by producing active machinery in agriculture with the R&D department it started operating in these years. In the same years, HMS started to grow by
