About Us

With 42 years of experience in the production of Straight Axis Piston Pumps, Gear Pumps and Gearboxes (P.T.O.), it has succeeded to be one of the leading companies in its sector with the understanding of giving the best to its customers in the best way without compromising its quality understanding. Using the latest technology to ensure the quality of the products it produces, training and motivating its technical and administrative staff with the understanding of quality and satisfaction are among its main duties. With this understanding, it has set itself the goal of becoming one of the leading companies in Europe and representing its name in the best way in Europe. Within the framework of this understanding, Mobil continues its R&D activities in the production of Hydraulic and Telescopic Cylinders without slowing down.
