Hakkımızda

Our company was established in Konya in 1987. It has filled a big gap in Konya with its innovative understanding policy and the quality of after-sales service it offers. Although it is a supplier that its customers can find on behalf of furniture and carpentry accessories, it has managed to be the first in choice and safe with its experience and knowledge gained over many years, a variety of product ranges from the past to the present. Keeping up with the developing technology era, we have a wholesale online sales site www.hunerisonline.com it was established.

Our company, which has opened up both domestically and abroad, continues to export. We have also updated the English version of our website for our overseas customers to provide fast and easy transportation.
