### Hakkımızda

Hüras, which started its business life with elevator cabin production in 1995, is emerging as a value in the sector in the production of automatic elevator doors with its successful history and rising trend. Behind the success that has been achieved, there is a customer-oriented, productivity-centered management approach. This approach develops not only with material gains, but also with an understanding that targets customer satisfaction and benefits the whole society. Aware of its responsibilities in all areas where it offers solutions, Hüras acts with a vision that tries to be a pioneer and an example, and contributes to the national economy and employment with its investments.
