### Hakkımızda

In 1929, it was established by Veyis Koçak as a family business under the name "KOÇAK TRADEHOUSE" in a small area of 18 m<sup>2</sup> on Tevfikiye Street in Konya. The activity of the trading house continued by his sons Mustafa and Ali İhsan Koçak. In 1956, Mustafa Koçak transferred his business to İstanbul and opened Selçuk Konya Transportation Company in the transportation sector. After 1956, Ali İhsan Koçak took over the management of the trading house. In those years, in addition to hardware, technical hardware types were also added to our trading house. Thus, our trading house continued to improve itself. After 1964 - 1968, his sons Mithat Koçak and Mehmet Koçak started to work as apprentices as the 3rd generation.
