About Us

Heating systems and heating methods, which became more evident in the 90s and ceased to be a luxury, necessitated the development of many technological products that will facilitate human life in this area. Our team, which closely follows the developments in the heat sector in this period; analyzed the needs in the field well and established IŞIKSAN ISI SİSTEMLERİ in 1998. First of all, our company has offered Turkey's first and only "SOLID FUEL HEATER BOILER WITH ALARM" model to the service of users under the brand of FIRELINE.Our company, which has been renewing itself and increasing its product range every day since its establishment, has started to offer the THERMALL branded products to the service of users as of 2015 by renewing both the products in production and the roof brand of these products.IŞIKSAN ISI SYSTEMS, which has
