About Us

Karbir plast irrigation systems and fittings TURKEY

Karbir plast was established in 1996. The major brocracy of this company is quality & price from the beginning. Karbir plast offers a unique combination of design flexibility, product quality, expressive creative options and honest real-world value that. Everything this group create is products of the pride and personal attention that can only come from a company where every employee is an owner. We're all personally invested in what we create for you. Karbir plast was founded on the belief that other brands had become too complicated, too limiting, with too many hidden costs. Our approach is straight-foward agd honest, and simply makes sense.
