## Hakkımızda

KILIÇ MAKİNA SAN.TİC.LTD.ŞTİ. In 1980, Ahmet and Kerim brothers started to work with the production of spare parts for agricultural machinery, which was established as a lathe machine and which had a shortage in our country in those days. Since 1997, it has accelerated its production by applying an active management and marketing strategy under the management of Mehmet Ali KILINÇ and keeping quality in the foreground. Our company has developed itself and its products day by day according to the requirements of the day, and has become a company that is experienced in its field and produces a wide variety.
