About Us

Kismet Automotive was established in Konya in 1983. Until 1998, it continued production at its workshop on Eski Sanayi Sersaray Street, manufacturing pins for industrial organizations in many cities across Turkey. After a break in production in 1998, the company resumed production in 2008 under the name Kismet Automotive and Foreign Trade, with the second generation, Emre Tavbatır, at its workshop on Eski Sanayi Katikci Street. In a short time, Kismet Automotive and Foreign Trade improved its machinery and service quality, and in 2009, it moved to its new location in Komsan Industrial Site to meet increased customer demand and make new investments. Our company, which has always achieved firsts in pin production in Turkey, became the first institution in Turkey to manufacture all Common Rail System setting pins, the
