
Kobastar Elektronik Sanayi Ve Ticaret Limited Şirketi

About Us

Since 2000, KOBASTAR has been manufacturing weighing systems with an expert, professional team. By expanding its product range over time to meet industry needs and constantly striving for improvement, the company now produces weighing systems with capacities ranging from 50 kg to 200 tons and featuring diverse specifications.We place the utmost importance on the quality of the weighing systems manufactured in-house under the KOBASTAR brand, as we recognize the sanctity of your hard work and rights. To ensure that every weighing instrument we manufacture and sell reaches you safely and functions accurately, our technical staff conducts rigorous quality control checks—both during and after production—and our products hold OIML, CE, and 2009/23/EC certifications, attesting to their compliance with European
