Hakkımızda

Our company, which was established as Kulekayalar Gıda, started to innovate with different product groups by developing its product range and took its place in the food market as wholesale and retail. As food, it sells various product groups in the sector with chocolate, cake, pulses products, tomato paste groups, oil groups, all cola options and mineral water. With its wide product range, it makes a difference with the principles of increasing customer productivity and maximizing competitive advantages.
