About Us

As Mehmet Ramazan Yekebaş Ambalaj, we offer high-quality solutions in the packaging manufacturing sector, backed by 50 years of experience. Utilizing the latest technologies at our modern production facility, we provide a wide range of products—from roll garbage bags and flexible packaging solutions to carrier bags and custom-printed packaging. We create solutions tailored to the needs of every type of business with our diverse range of printed and unprinted plastic bags and carrier bags. Our products are manufactured from 100% recyclable polyethylene raw materials, ensuring full alignment with the circular economy. With an environmentally conscious approach to production, we aim for our packaging solutions to both enhance your operational efficiency and contribute to your sustainability goals. Supported by a strong production
