About Us

Perfection is not Memak's goal, it is corporating cultures. Always aiming to achieve the greatest, quality is never compromised from production to sales and after sales at all stages, since the first machines fabricated by Memak in 1997 until today With an area of80,000 M2 in 2018 Memak continues to operate steadily with 300 expertised employees.We transform people's indispensable chocolate into a delightful tastes. For a good quality of chocolate, we create all the systems needed at each stage in a flawless way and carefully combine all the parts. For these reasons, we produce exquisite products that people enjoy very much while consuming. This passion and enthusiasm is the most important key to our success,.. It is our greatest motivation to know that we have our contribution is behind the branded chocolates produced
