

## About Us

Femart Ambalaj Corrugated Cardboard Box took its first step into the sector in 2003 and defined its customers as business partners, presented and continues to offer the right solutions at the right time by analyzing customer needs correctly. Femart provides scalable and sustainable quality solutions to its business partners by correctly interpreting the dynamics of the corrugated box industry. It has succeeded in transforming its experience in the packaging sector to the advantage of its customers and has become an organization that grows and advances in its sector.
